SUBJECT.

Introduction of Contract System in regard to the purchase of provisions &c a required for the Muzrai Institutions in the Province -

From

The Deputy Commissioner, Mysore Dt

Letter No. 303 dated 24th January 1908-

On the representation of the Dy: Commr, Mysore Dt. that the existing System of purchasing for cash payments the provisions &c required for the important Muzrai Institutions in the Dt. Mysore Dt. was attended with much inconvenience the Govt in their Proceedings x No. 3435-41 Muz F 47 & 1892 dt 11th Jany 1907 directed the adoption tentatively for a period of one year, of the System of giving out on Contract

individuals the Supply of Commodities required for the certain important temples & Chattrams in the Mysore Dt.

The System was tried in the cases of the Mysore Charities at Tirupati (N. Arcot Dt) and the Palace Muzrai Institutions at Mysore and it was reported to be more advantageous -

The Deputy Commr. Mysore Dt after an experience of one year now reports that "Several Complaints about the Supply of bad Stuff to the Institutions, particularly to those at Seringapatam and Melkote by the Contractor have been brought to his notice that (2) as the price of rice and other important articles are daily on the increase, favorable rates may not be expected if tenders are called for, for another year, that (3) the

financial aspect too is at
not encouraging and that
therefore he is not in favor of
recommending the continuance
of the annual Contract System.
In lieu of the Contract
System he ~~prop~~ suggests
two alternative measures
(1) To purchase the things ~
required monthly on payment
of ready money at advantageous
prices under the immediate ~
supervision of the Amildars or
Taluk Sheristadars and store them
in the different Oograanams subject
to the periodical inspections of
the Divisional Officers

by Pothapoty & local Contractors for short periods of 3 months at a time.

As the Vyasamudi festival at Melkote comes off in March and as orders have to be issued to the Talukas as to what should be done from 1st February 1908 the Dy: Comm^r solicits the early orders in the matter

to 27-1-08)

The annual contract system in Tirupati and in the institutions under the management of the Palace Officer, is working satisfactorily. The Dy Comm^r says that complaints of the supply of bad stuffs by contractors were made to him. Under ~~the conditions of the Contract such bad Stuffs~~

Further,

Mdz. 8A]

Muzrai Secretariat. | File No. of 190

Further, the rates accepted last year were very high owing to the fact that the Mysore Sowcars bid for the Contract and not local merchants of Seringapatam. I think the D/Comm^r should alternative may be approved, i.e., that the Bundars concerned may gave out contracts to local merchants, for periods of 3 months at a time, subject to approval by the D/Comm^r.

All the articles need not be given on Contract to one single individual.

The system of Poka Poki may be followed instead of sealed tenders.

Papers in the disposal

Order.— No 3435-41 D/11 the 14th January 1907

The Form of
the new rules of 1852
read above directed
that all the articles
required for the use
of the Chattrams and

Donations in the State should be purchased on ~~the~~ payment of ready money at advantageous prices, by the Auditor and that they were on no account to be given on Contract to other individuals.

2. The circular order of the 7th November 1892 and above directions with, as the purchase of articles these daily or weekly on payment of ready money was represented to be attended with much

incumbrance, their
supply might be
given on contract
to private individuals
for terms not exceeding
3 months in any case—

3. In the Bulkwari
of the 1st July 1899, referred to above
the late mirasi Sanctions,
Rai Bahadur Mr.
A. Sreenivasachariar,
requested the Dy Comr
of the Dy Commr of
the respective District
to instruct all the
Authorities in the
said District to
arrange to purchase
the articles required for the mirasi Sanctions
for cash
payment at the beginning
of

of ~~every~~ each month -

4. The system has appears to have accordingly continued in the case of the important temples and Chattrams in the State, except in the cases ~~those~~ of the purpose Charities at Tirupati in the North Arcot District and of the palace purpose Institutions at Nagpur in both of which generally contract system was since introduced, as it was represented to be more advantageous.

5. The Auditor
of the Travancore
Taluk (Mr. Syed
Yakoob) now brings
it to notice that the supply of
articles of provisions &c
required for the
temples and the Chattrams
in the said Taluk, including the Dustus in
is being by him
~~one~~ given out on Contract
by Pattipoti system month
by month, but that it
occasioned a loss owing
to variations in the prices.
The Manager suggests
the idea of giving out
Contract by the year.
The Ag Commr Mr.
Kantaraja Urs B.A., whose
opinion was called for

the Dustus in the Travancore Taluks

in the matter, states
in this D.O. read above
that he was about
to recommend the
proposed ~~Scp~~ change himself
in ~~the~~ connection with
T. Sivakavalu at Nanjan-
-gud and other
important mufassil
Institutions in this
District; that the
Auditor of the Nan-
-jangud Taluk also
represented to him that
~~proposed~~
~~the change system~~
it would be the most-
convenient thing
to all concerned; and
(the Dy Comr)
that he is sure that

that even the Contractors would find such an arrangement more profitable in the long run, as they would feel much more certain about their contract than in the present system which is so precarious - He is ~~of~~ therefore ~~at any rate~~ of opinion that the proposed at any rate system may be tried tentatively for a period of one year, to be eventually adopted permanently after that period, if found successful.

6. The Government fully concur with the

Dy

My Court's ~~of~~ views.
showed that
Experience in the case
of the urgent Charities
at Simpati in the
North Arcot District
and of the urgent
Institutions under
the management
of the Salaries Office
at Ongole, the system
attended with all sorts of
inconvenience, in
Consequence of which
~~of Cash purchases~~
~~the System had to be~~

of monthly purchases
for cash payments
was attended

it had to be subsequently Changed into annual
Contract system

7. The system that
till now
has prevailed in

Manjunath, Lavanyapatam
and other Taluks even
after the issue of the Govt
orders in favour of monthly
purchases for cash
virtually
payments, is ~~so much as~~
^
~~there~~ the monthly contract-
system, as all the
merchants ~~would not be~~ are
asked to meet at a
certain place and accept
the rates on piecemeal.

8. The chief grounds among others ~~that~~
~~for~~ resulting to the abol
system of annual
contracts seem to be that it not only puts
a stop to
the fluctuating prices
of Commodities in
the different months, but also avoids the
necessity of drawing the Taxation amount in advance
~~to~~ g. ~~Govt~~ at the beginning
of each month.
~~Considering~~ these circumstances,
and in supersession

of all the previous orders on the subject, the Government are pleased to direct that in the case of all the Chattrams and of the important Anupani temples in the Anupani District the supply of articles required therefor be given on contract to private individuals tentatively for a period of one year from the 1st February 1907 to the end of January 1908. The results of its working should be reported on the

expiry of the period —

10. Such of the temples whose pecuniary charges alone (excluding the establishment charges) come up to not less than Rs 25 per measure may, for this purpose, be considered as important ones and included under the contract system —

11. The Institutions situated at convenient distances may be grouped together to be assigned to one contractor, if the Dy Comr thinks that such an arrangement

would be to the
interest of the con-
-traction and advanta
-ges to the Institution
12. Trustees should be
invited by the
Auditors of the
respective Lodges
in which the Trustees
are situated, so
as to reach them on
or before the 25th
instant. And they
may be authorized
to open them and
pass them on to the
with their remarks
By Court through
their Sub-Divisional
Officers. The
earliest opportu-

on rejecting a tender
should however rest
with the Dy Commr,
who will ~~after accepting~~
in due course
report for the information
of Government in
the Irrigation Department,
the rates accepted by him
for the different centres.

13. Clear mention
of all the terms should
be made in the notification
calling for tenders, as a safe-guard against
~~with a view to avoid~~ the possible
~~possible failure~~ failure
~~any kind of dissatisfaction~~
on the part of the
accepted contractor
in the due fulfilment of his Print-
contract - ~~the~~ a sufficient security in cash
being taken from the successful tenderer

Camp Sreerangapatna
2d. Jany. 1907.

My dear Sir,

I am now staying here and intend going to Karighatta tomorrow and to Balamuri the day after. I intend remaining here till the 7th instant & then go to Bangalore. At Sreerangapatam, the builder represented to me in person that the present system of giving out contracts for the supply of provisions to the temples & the staff here was a loss owing to variations in the prices.

He suggested the idea
of giving out contract
by the year, and according
to my instructions he
has given me his report
on the subject which is
enclosed herein for
your perusal. I am
for sanctioning the
proposal and I intended
to give orders similarly
even in the case of the
Nanjangud Temple.
Before however, sanctioning
the proposal, I should like
to have your opinion
in the matter. To save

time, kindly let me
know views down there
It appears that the supply
of provisions to the
temple is also given on
contract by the Amildar
of Sreerangapatam. I see
no objection to the proposed
system being adopted
in the case of that temple
also. As I am told
that the contract should
be given out ~~also~~ before
the 20th instant, the
Amildar has to issue
notices calling for
tenders from Gungam.
Sreerangapatam, Mysore,

and Melbourne &c.

I shall therefore be glad if you will let me hear a line reply so as to reach me when I am there: after the 7th instant, kindly write home at Rosedale Upper Norwood,

I remain
Yours truly

READ—

Correspondence ending with D. O. dated the 5th January 1907, from Mr. M. Kantaraja URS, B. A., Deputy Commissioner of the Mysore District.

No. 3435-41, DATED BANGALORE, 11TH JANUARY 1907.

ORDER THEREON.—Para 4 of the new rules of 1852, read above, directed that all the articles required for the use of the Muzrai Chattrams and Devastanams in the State should be purchased on payment of ready money at advantageous prices by the Amildar and that they were on no account to be given on contract to other individuals.

2. The Circular Order of the 7th November 1892, read above, directed that as the purchase of these articles daily or weekly on payment of ready money was reported to be attended with much inconvenience, their supply might be given on contract to private individuals for terms not exceeding three months in any case.

3. In the Rubkari of the 1st July 1899, referred to above, the late Muzrai Secretary Rai Bahadur Mr. A. Srinivasa Charlu requested the Deputy Commissioner of the Mysore District to instruct all the Amildars in the said district to arrange to purchase the articles required for the Muzrai Institutions for cash payment at the beginning of each month.

4. The system appears to have accordingly continued in the case of the important temples and chattrams in the State, except in the cases of the Mysore Charities at Tirupati in the North Arcot District and of the Palace Muzrai Institutions at Mysore, in both of which the yearly contract system was since introduced, as it was reported to be more advantageous.

5. The Amildar of the Seringapatam Taluk (Mr. Syed Yakoob) now brings it to notice that the supply of articles of provisions, etc., required for the temples and the chattrams in the said taluk, including the Institutions in the French Rocks Sub-Taluk, is being given out by him on contract by *Potapoti* system month by month, but that it occasioned a loss owing to variations in the prices. He therefore suggests the idea of giving out contract by the year. The Deputy Commissioner Mr. M. Kantaraj Urs, B. A., whose opinion was called for in the matter, states in his D. O. read above that he was about to recommend the proposed change himself in connection with the Sivakoota at Nanjangud and other important Muzrai Institutions in his district, that the Amildar of the Nanjangud Taluk also represented to him that it would be the most convenient thing to all concerned and that he (the Deputy Commissioner) is sure that even the contractors would find such an arrangement more profitable in the long run, as they would feel much more certain about their contract than in the present system which is so precarious. He is therefore of opinion that the proposed system may at any rate be tried tentatively for a period of one year, to be eventually adopted permanently after that period, if found successful.

6. The Government fully concur with the Deputy Commissioner's views. Experience showed that in the case of the Mysore Charities at Tirupati in the North Arcot District and of the Muzrai Institutions under the management of the Palace Officer at Mysore the system of monthly purchases for cash payments was attended with much inconvenience, and that in consequence it had to be subsequently changed into an annual contract system.

7. The system that has till now prevailed in the Nanjangud, Seringapatam and other taluks even after the issue of the Government Orders in favor of monthly

purchases for cash payment, is virtually the monthly contract system, as all the merchants are asked to meet at a certain place and accept the rates on *Potapoti.*

8. The chief grounds among others which speak in favor of reverting to the old system of annual contracts seem to be that it not only puts a step to the fluctuating prices of commodities in the different months, but also avoids the necessity of drawing the Tasdik Paditara amount in advance at the beginning of each month.

9. In these circumstances and in supersession of all the previous orders on the subject, the Government are pleased to direct that in the case of all the Muzrai Chattrams and of the important Muzrai Temples in the Mysore District the supply of articles required therefor be given on contract to private individuals tentatively for a period of one year from the 1st February 1907 to the end of January 1908. The result of its working should be reported on the expiry of that period.

10. Such of the temples whose Paditara charges alone (excluding the Establishment charges) come up to not less than Rs. 25 per mensem may, for this purpose be considered as important ones and included under the contract system.

11. Institutions situated at convenient distances may be grouped together to be assigned to one contractor, if the Deputy Commissioner thinks that such an arrangement would be to the interest of the contractor and advantageous to the Institutions.

12. Tenders should be invited by the Amildars of the respective taluks in which the Institutions are situated, so as to reach them on or before the 25th instant. They may be authorized to open them and pass them on with their remarks to the Deputy Commissioner through their Sub-Divisional Officers. The authority of accepting or rejecting the tender should however rest with the Deputy Commissioner who will report in due course for the information of Government in the Muzrai Department, the rates accepted by him for the different centres.

13. Clear mention of all the terms should be made in the Notification calling for tenders, as a safeguard against the possible failure on the part of the accepted contractor in the due fulfilment of his contract, a sufficient security in cash being taken from the successful tenderer.

Sir,

With reference to your No. 3898 dated 13th February 1907 calling for my report as to the existing arrangement in regard to the purchase of Commodities required for the Mysore Institutions in this District and for my opinion in the matter of introducing the annual Contract system, I have the honor to state that there are no institutions of such importance, as to necessitate the supply of provisions required for them to be let on Contract. Of the 8 Chavadis in the District, only three

Paditara of more than Rs 25/-.

In regard to these three Institutions the procedure adopted at present is as follows:-

One of the shop-keepers supplies the required articles on the requisition of one of the managing members and the total Charges of the month are paid in the following month on bills drawn from the Treasury. In other institutions the Lasdik amount is drawn in advance and provisions purchased for the available amount and then distributed to the travellers till it is wholly consumed. No inconvenience has been felt by either of these arrangements.

Although the annual Contract system is no doubt preferable, the circumstances are unfavorable for its adoption in this District, because no tenders to the advantage of the Institution can be expected in rural places in this District, as the Contract will not be lucrative to them.

Under these circumstances, I beg,

to state that the existing arrangement has been working pretty satisfactorily and that the introduction of the annual contract system is not desirable

Sir,

With reference to your Memo No. 3895 dated the 13th February 1907 calling for my opinion in the matter of introducing contract system in regard to the purchase of Provisions &c. required for the Muzrai Institutions in this District, I have the honor to state that there are no other Muzrai institutions in this District wherein feeding of travellers is carried on except the

Annachatrams which are 5 in number. These are located at Sunkur, - Sira, Sibi, Gubbi and Hulijur durga. Of these the first four are Government institutions and the fifth is one of the charities established by the late Damodar Dass Sah in the Kunigal Taluk, now under Government Management. The feeding charges assigned to these Chatrams are as follow: -

	Rs.	an.	p
(1) Sunkur Chatram	25 —	6 —	
(2) Sira	30 —	14 —	
(3) Sibi	30 —	14 —	
(4) Gubbi	29 —	14 —	
(5) Hulijurdurga	20 —	—	

At Sunkur, Sira and Gubbi the Taluk Shirestadar draws money from the Treasury at the beginning of the month, purchases provisions & makes for the month once for all persons the local, market & issues them to the Cooks employed

requirements of the day having
regard to the number of travellers
resorting to the Chatram during
that day. A register is main-
-tained in the Chatram where-
-in the particulars of Expenditure
of Provisions are noted from
day to day. In the Chatrams
at Sibi and Kuliyurdevya which
are far away from the Taluk
Head Quarters, the management
of feeding is in the hands of
the Cooler of the Chatram
under the strict supervision
of the Sheikdar of the Sammath.
and of the Taluk Amildar when-
-ever the latter officer visits
the place in his inspection tours.

As the present system is
working well, I would suggest
that it might continue.

Sir

Adverting to Government Proceedings No. 3435-41 dated 11th January 1907 directing that in the case of all the Muzrai chathrams and of the important Muzrai temples in this District the supply of articles required therefor be given on contract to private individuals tentatively for a period of one year from the 1st February 1907 to the end of January 1908, the result of its working being reported on the expiry of the period, I have the honor to state that the system of giving contracts for the supply of provisions to the institutions noted in the margin was brought into force during the current year ending with January 1908

1. Sringeri Math
3. Kaiwara Mutt
4. Yedatore

2. No tenders having been received in time for the institutions in the Chamarajnagar, T.Narsipur, Mysore and other Taluks, the old system of making local purchases under the sanction of the Amildar was observed. The rates given in the tenders which were received late, are also high.

3. Before giving out the contracts for the supply of provisions to all the institutions at one and the

same time , it seemed desirable to work out side by side some institutions at least, under mami system to compare the results at the end of the contract period and to see which system was preferable, Moreover the T.Narsipur and the Chamarajnagar Taluks had the advantage of the Santemarahalli ~~Shantle~~ Shandy and owing to the competition in the market every week there was possibility of securing good provision at cheap rates. The contract system was therefore restricted to those referred to in para 1 supra

4. In view to get an idea as to what the financial result of the contract system has during the past 11 months, I called upon the Amildars of the Nanjangud, Seringapatam, Krishnarajpet and Yedatore Taluks to furnish me with certain statistics. The Amildars of the Seringapatam and Yedatore Taluks have not furnished the required information while the Amildars of the Nanjangud and Krishnarajpet Taluks recommend the continuance of the present contract system and report that the expenditure during the 11 months of the contract system tally with the monthly allotment of funds during the corresponding period of the years 1903-04, 1904-05 and 1905-06 adding that provisions were bought only to the extent that funds allowed permitted, and that the amount was not paid for the required quantity of provisions.

5. Several complaints about the supply of bad stuff to the Institutions, particularly to those at Seringapatam and Melkote, by the contractor have been brought to my notice. The price of rice and other important articles has been daily on the increase and I fear that favourable rates may not be expected if tenders be called for, for another year. The financial aspect is also not encouraging . I am therefore not in favour of recommending the continuance of the annual contract system.

6. The things required to be ordered to be purchased monthly on payment of ready money at advantageous prices under the immediate supervison of the Amildars or Taluk Sheristedars and stored in the different godowns subject to the periodical inspections of the Division Officer.

7. If however this does not commend itself to Government, the supply of articles of provisions etc required for the Institution may be given out by the Taluk Amildar on contract by Potapoty to local contractor for short periods of 3 months at a time. There are people resident at stations, where there are temples, known for taking up contracts of specified articles and there will be no trouble in getting good things at the actual prevailing market rates.

8. As the Vyrumudi festival at Melkote comes off in March next and as orders have to be issued to the Taluks as to what should be done from 1st February 1908, I solicit the favour of very early orders in the matter.

I have the honor to be
